Your Deluxe Parent Album Upgrade Form

ONLY USE THIS FORM TO UPGRADE YOUR STANDARD* PARENT ALBUM(S)

This form outlines options available if you decide to upgrade your standard Parent Albums included with your Gold Package to one or more **Deluxe Parent Albums**. All picture selections must be made on **Your Standard Parent Album Selection Form** (*attached*) regardless of your upgrade album color choice or cover design. The color and cover design of each upgrade album (*along with any titles or imprinting*) must be completed using this form. And, if none of this makes sense, ring me at once! ***All standard Parent Albums have a black finish with black pages in a plain album.**

Like with your main **Florentina Classic Wedding Album**, these larger **Deluxe Parent Albums** allow the brilliance and beauty of your pictures to be displayed in a much larger format. The superb quality features of these bigger albums ensure a distinctive presentation that is flexible to allow for both traditional and contemporary looks. These large-size **Deluxe Parent Albums** allow you to include more pictures and you get to pick them page-by-page and can include extra pages.
