Wedding Album Packages Information & Rates

FOUR ALBUM PACKAGES All four album packages detailed below are extremely flexible. This means you can swap, trade, exchange, all listed content so you only receive items and sizes you want. There are many options so you can customize your package, so you never get 'stuck' with content not needed. You tell me what you want and self-design your package content (after your wedding) to make it work for you.

NO HIDDEN COSTS OR EXTRA FEES We are open and transparent with pricing. This way, you know the cost for everything before getting started. There are no additional fees with any package or time selected.

All package rates listed below include tax and there are no travel costs unless otherwise indicated.

FLASH DRIVES & ONLINE VIEWING FOR FIVE YEARS After your wedding, you will receive all your edited pictures on a USB flash drive (along with a duplicate copy). Online viewing is also included for at least five years. The way online viewing works is amazingly simple. After your day, I will send you an email with a personal gallery link to all your edited pictures. Anyone you share your link with can download images with no restrictions or extra cost. Your link layout is compatible with all devices including smart phones, iPads, tablets, laptops, and pc's. There will be no logos or watermarks on any images either on your flash drives or your online link. **Your online gallery link will be live for five years.**

FIVE-STAR CUSTOMER SERVICE EXPERIENCE Any professional you hire should be excited to work for you and provide excellent customer service and communication from start to finish. We believe in being prepared, working hard, and documenting any wedding in a classy and elegant way. We are happy to have more five-star reviews online (over 2,000) than any other photography company in New York state, Massachusetts, Vermont, or anywhere else in New England. *See reviews links below.*

STRESS-FREE & SIMPLE My company has reviews online at [WeddingWire](#), [The Knot](#), and [Google](#). These offer honest feedback from couples and families we have worked for and their experience with Paul Saunders Photography. Along with all the must-get elegant family groups and beautiful couple pictures, we take natural-looking candid photos that are authentic, unobtrusive, and real-looking. We want each couple to have a stress-free experience and enjoy their day. [Click here and see wedding pictures.](#)

WEDDINGS-BY-THE-HOUR Hourly coverage (WBTH) is a brilliant option for couples who like to keep it simple and not be 'locked' into a package structure with albums and extra content not always needed. Everything is flexible allowing you control over how much coverage time you select. With WBTH, you own all your edited pictures and can print and share anyway you wish. There are absolutely no restrictions as all edited pictures belong to you. *See separate attachment for detailed WBTH information and hourly rates.*
